About This Game

After the abrupt ending of your coaching career seven years ago, the hysterical attention of the press quickly faded. But struggling results by Calchester FC convinced Boris Aluminovitch, its billionaire president, to axe the previous beleaguered manager and give you a new chance.

Will your raucous shouts from the bench change the fate of the team? Will you find wiseness and karma leadership with the help of the Book of Changes? Will your shady past reach back to you and make you crumble?

Chances that you can make it through a full season are slim. Corruption, crime, drugs and romance are all paths that you may take - for better or worse.

This is the only football game where you may lose the championship and win the game!

Why another game on football?

Football Drama was started after discovering and exploring the richness and quality of the literature about football. Novelists and poets like Pasolini, Galeano, Soriano, Hornby, Saba, Handke, Wenders have written about football and its evocative and poetic power. Same in movies, with fringe and beautiful works like *The Lost World Cup* or Wender's *The Goalie's Anxiety at the Penalty Kick*. Another great inspiration was the book *Football Clichés* by Adam Hurrey.

This naturally lead to the question: why people love football so much?

So we started designing a new, unique game around football, as we believe games can be a wonderful media for storytelling.

A very small team

If you're thinking about buying Football Drama please keep in mind that we are a very passionate but small team of three - and totally self-funded by working in parallel on games for customers. This is not a blockbuster experience with many hours of content. Also if you are concerned about the price difference between Steam and mobile, we believe the right price is the one on Steam, but we are (way, way) weaker than market forces so we had to oblige. Still, the Steam version has more to offer: more information, all the in-depth parts (integrated with achievements) and full-screen illustrations.
